Let's Talk About Kidney Stones

“Molecular Pathogenesis of Primary Hyperoxaluria”

Our Guest

Barbara Cellini Ph.D. |Perugia, Italy

Department of Medicine and Surgery, University of Perugia
Member of the Steering Committee of the OxalEurope Consortium

Prof. Cellini received her degree in Biological Sciences at the University of Urbino and then a PhD in Biochemical Sciences at the University of Verona. She is currently Associate Professor of Biochemistry at the University of Perugia.

Her main research interests are related to the **molecular pathogenesis of rare diseases** as premise for the **development of new treatment strategies**.

32th Class: **30th November 2023, Thursday** 6 PM Brussels time, 11 AM Dallas time
